Hutch Games Android 4.4 + Version: \$10.0.12158 0 Hot Wheels: Race Off (MOD, Free Shopping) - Who doesn't know the famous hot wheels? Yes, probably everyone, this is the developer of this game decided to transfer from the board game to a three-dimensional racing simulator. In which you will participate in the fastest races in sports cars, the game has cartoon graphics and simple controls. Test your driving skills against other real players around the world, invite friends and chase on the site, find out who is fastest! Updated to version 10.0.12158! Hot Wheels: Race off - arcade racing, which is the analogue of the famous Hill Climb Racing. Here you also have to go through the mountainous tracks to the awesome SUV. The main task of the player is to reach the finish line. That wouldn't be so easy, especially at first. At first the pilot can only use one jeep, which in fact turns out to be a clunker. To achieve the high goals in a trough does not work, therefore you need to be qualified, collect coins on the track and gradually upgrade the car. But there will come a time when even the overclocked machine will be unable to pass through any road. In this case you should think about buying a new SUV. Management of the iron horse standard. The right and left of the screen are gas buttons and brake pedals. They are also responsible for balance in flight. You can use them to do stunts and receive bonus points. Hot Wheels: Race off - good arcade racing game, which will be delayed in the game for a long time.
